AUGUST HEALTH EDUCATION & WELLNESS PROGRAM: Stress Management—Control Stress With Exercise. Research shows that physical activity is one of the best tension relievers. Exercise, when done properly, will keep your body functioning efficiently. It keeps you feeling both relaxed and refreshed and promotes deep, restful sleep. August's packet will include information on the ways exercise can reduce your stress and tension physically, mentally, psychologically and emotionally. Packets will be available at all medical facilities and upon request to Carol Roth, 867-3414, email **Roth-1, Carol** and on the Occupational Medicine web-site: <http://sgs/sgs/sites/other/chs/occmcd/index1.htm>. NUTRITION TIP OF THE WEEK FROM THE KSC FITNESS CENTERS: If fat grams and caloric content influence your supermarket purchases, chances are good that your fast food choices will improve with more nutritional information. You might be surprised to learn how much fat and how many calories are in your favorite fast food burger or meal, but there are alternatives and easy changes you can make. Ordering a burger without the cheese and mayo could save you 8 grams of fat and 100 calories, and you might choose grilled chicken over breaded chicken when you find out what a big caloric difference it makes. Look for a restaurant's light or low-fat offerings, and consider changing some old habits. Many now offer a food nutritional outline and label listed by the registers. If you plan ahead and browse nutritional information, you'll probably find it's easier than you thought! Source: www.health.about.com. <mailto:orrindl@kscems.ksc.nasa.gov>. (TA-C2)

KSC FITNESS CENTERS' CLOSED LABOR DAY: The O&C and OSB Fitness Centers will be closed Monday, September 2. We will reopen on Tuesday, September 3 at 5:30 a.m. <mailto:gensmsj@kscems.ksc.nasa.gov>. (TA-C2)

(TA-C2)

COLORECTAL CANCER SCREENING: Small amounts of blood in your stool, which can be detected with hemoccult slides, can be an indication of colorectal cancer. Hemoccult slides and instructions are available at all medical facilities during hours of operation. (TA-C2)

TURTLE NESTING SEASON IS HERE! The months of May thru October are the prime months for sea turtles to nest along our beaches. KSC and CCAFS have some of the only remaining pristine beaches along the East Coast of Florida. Sea turtles use these beaches in high numbers for nesting. All exterior lighting at KSC and CCAFS, not just that which directly hits the beaches, can be a distraction to these turtles causing disorientation and nest abandonment. Please, take extra measures to ensure all non-essential exterior lighting is turned off. The KSC Exterior Lighting Guidelines can be reviewed on the Environmental Program Branch website at **<http://environmental.ksc.nasa.gov/natural/lighting.htm>**. If you see any lights that you feel need to be turned off or have any questions, please contact John Shaffer, NASA EPB, at 867-8448. (TA-C3)
